

13/2

**MINUTES OF THE MEETING OF THE GOA STATE WORKS BOARD (G.S.W.B.)**  
**HELD IN THE CONFERENCE ROOM OF THE CHIEF SECRETARY ON 25<sup>TH</sup>**  
**January 2019.**

A meeting of the Goa State Works Board was held in the Conference Room of the Chief Secretary on 25/01/2019.

The following members were present for the meeting:

- |                             |          |
|-----------------------------|----------|
| 1. Shri. Parimal Rai        | Chairman |
| Chief Secretary             |          |
| 2. Shri. Daulat A Hawaldar  | Member   |
| Secretary (Finance)         |          |
| 3. Smt. Nila Mohanan        | Member   |
| Secretary (Power)           |          |
| 4. Shri. Michael M. D'Souza | Member   |
| Addl. Secretary (Fin-Exp)   |          |
| 5. Smt. Reshma Mathew       | Member   |
| Chief Electrical Engineer   |          |

The following tender was deliberated on;

- Proposal for Tender No. 16(18-19) - Work of conversion of existing overhead 11 KV feeders to Underground System, erection of new DTC's, augmentation of DTC, erection of additional feeders, conversion of Single Phase line to Three Phase line, replacement of conductor, providing guarding, DP renovation, replacement of FRP box with MS Distribution box etc. under Section Office Saligao & Britona. (Quoted amount ₹.13.03 Crores)—3.65% above.

2

The Chief Electrical Engineer has informed that the total cost of the estimate was Rs. 13,43,91,131.00 inclusive of 12% GST. Accordingly, the Department has prepared the NIT for the works involved and floated the tender on the e-tender website on 25/07/2018. The tender was also published in two local dailies and one National daily. The online request for the tender document was scheduled up to 09/08/2018. In response to the online tender, two agencies who were eligible, purchased the tender set online. The Department held a pre-bid meeting on 16/08/2018. Accordingly, to allow wider scope for participation and sufficient time for the bidders, the technical bid opening date was postponed to 07/09/2018.

12/6

The techno-commercial bids was opened on the rescheduled date 07/09/2018. Both the agencies participated in the tender. Accordingly, the Project Management Consultant (PMC) viz. RECPDCL Ltd., appointed by the Department, evaluated the bids for technical eligibility in par with the requirements as per conditions and specifications of the tender document. The PMC after evaluation, reported that both the bids met the required technical eligibility and are at par. The financial bid was thereafter, scheduled and opened on 05/10/2018.

The standing of the bidders in order of their quote with lowest eligible bidder on top column are as follows:--

Sr. No.	Name of the Bidder	Quoted Amount (Rs.)	% variation with estimated cost
1	M/s Manipal Energy & Infratech Ltd., Manipal	13,03,03,374.64	3.65 above
2	M/s KEI Industries Limited, New Delhi	14,45,28,914.39	14.97 above

After scrutiny and evaluation of the financial bid, by the PMC appointed by the Department, the lowest and eligible bidder recommended is M/s Manipal Energy & Infratech Ltd., Manipal with an overall quoted amount variation of 3.65% above the estimated cost put to tender as indicated in the above table.

In this case, the above quoted amount is inclusive of GST to the extent of 12% which was later, through issue of circular by the Accounts Section of the Department, revised to 18%, as this work is categorized as a composite work under the GST guidelines/ condition. In view of this, the total financial implication including PMC charges would be Rs.14,20,76,335.21.

The Members queried on the scope of the work, for which the Chief Electrical Engineer informed that on completion of the underground system, the existing overhead line would be dismantled by the agency as part of the scope of work. The underground network system is designed so that ring feeding is arranged to healthy sections of the network in the event of occurrence of faults on line. Thus, increasing the efficiency of power supply to the consumer and in turn reducing the outage time to large extent. The quality of power would also improve giving boost to revenue figures.

11/2

The Members took the note of above facts and have agreed to accept the quote of M/s Manipal Energy & Infratech Ltd., Manipal for an overall amount of Rs.13,03,03,374.64 which is 3.65% above the estimate cost put to tender.
